Synopsis:

The Twelve Apostles' urban legend becomes more than real as their heinous crimes keep being performed camouflaged as necessary human sacrifices for their deities.

The chosen new joiners who are first gathered and then fooled by the preaching inside their narrow circle attempt to get out, telling some of the secrets that lead them to an imminent deadly destiny.

Among the devilish chaos reigning town, detective Andrei Kirikian and Erika Matanic are met by chance to be in charge not only about the investigation, but also regarding the risky future task of penetrate the lines of these satanic worshipers.

Using a rogue ex-cop and former hero in the lines of duty as well as Erika's dad best friend, the man with no name now referred to as Mr. X starts cooperating with their new partners in order to put an end to such atrocity, whilst secretly planning out his revenge against the very man who ate his girl's heart in a former sacrifice years ago: the cult leader, Angelo.

As the police officers develop the determined plan before taking matters into their own disciple's hands, the final dreadful outcome determines other results as expected whilst Mr. X creates his own course of action based on lies, deceits within and outside the hellish secret society, at the same time his hidden deeds in order to get to the top of the hellish pyramid are thoroughly established always steps ahead of the rest.

Now, Andrei and Erika face not only their previous enemy multiplied by twelve apostles, but a new one unlucky thirteen that should be playing on their side.
